ASX RELEASE

4 January 2022

For immediate release to the market

**Contract Award – Upstream Production Solutions
Blacktip Gas Field / Yelcherr Gas Plant**

GR Engineering Services Limited (ASX: GNG) (GR Engineering) is pleased to announce that its wholly owned subsidiary, Upstream Production Solutions Pty Ltd (Upstream PS), has been awarded a new three year contract with an option for a further two years to provide maintenance and operations support services with Eni Australia, the operator of the Blacktip Gas Field and associated production infrastructure (Contract). Upstream PS has been providing maintenance services to Eni Australia for the last five years.

Upstream PS' scope of services includes the administration and execution of maintenance activities and associated support in relation to the unmanned Blacktip Wellhead Platform and onshore Yelcherr Gas Plant.

Commenting on the award of the contract, Upstream PS CEO, Cameron Wills, stated that:

“Upstream PS is proud to have a successful relationship with Eni Australia. At the core of this partnership are the aligned values that both organisations share. We are delighted to continue to work together, safely maintaining Eni assets and contributing to sustainable business growth whilst delivering performance excellence.”

GR Engineering's Managing Director, Geoff Jones stated that:

“Upstream PS has a well established track record in the supply of safe and efficient operations and maintenance services in Australia. We are excited that we have been given the opportunity to continue to support Eni Australia on this regionally significant project in the Northern Territory.”

Ends.
