

GR ENGINEERING SERVICES LIMITED
ENGINEERING CONSULTANTS AND CONTRACTORS

QUALITY POLICY

GR Engineering Services Limited (GRES) is founded on a strong belief in our core values, which identify a commitment to innovation and delivery of quality based services and products.

To implement these values, we will maintain a risk-based, practical but comprehensive management system based on the needs of our business with particular reference to consistently meeting our client's requirements and our statutory obligations.

GRES is committed to communicating to all personnel and stakeholders the organisations objectives and achievements to ensure all employees operate consistently with our business goals. All personnel shall have individual responsibility for understanding and applying this policy in the performance of their tasks.

Our suppliers and contractors are integral to the quality process and company personnel shall work closely with them to meet the standards required to achieve engineering excellence and fully satisfy our client's needs.

In recognition of our policy objectives, GRES is committed to operating an Integrated Management System which complies with AS/NZS ISO 9001 Quality Management System and the policy statement and integrated management system will be reviewed for continuing alignment with the business values and objectives.
